**THE EASTERN QUARTERLY**

**SUMMER  
QUARTER NUMBER**

**1922**

**MADISON, SOUTH DAKOTA**

## GENERAL INFORMATION

### The Summer Quarter

The summer quarter is ordinarily divided into two terms of six weeks each. This year the first term will open June 5 and close July 14. Plans for the second session will depend upon the number desiring further work and will be announced toward the close of the first six week period.

### Living Accommodations

The Institution maintains a dormitory, known as East Hall and two club houses all of which are open to students regularly enrolled for summer school work. East Hall has recently been thoroughly re-modeled with new lavatories, running water in each room and new decorations throughout. The dining hall will be run as a regular dining room this year instead of a cafeteria as it was last year. Rooms in any of these three houses may be reserved by making a deposit of \$2.50. This will hold the room until 6:00 P. M. of June 5.

### Advantages

Madison is a pretty little city of about five thousand people. Its Lakes, Chautauqua and Grounds make it a delightful place to be during the summer months. It has one of the purest and finest drinking water supplies in the whole state. Living expenses will be kept as low as possible and everything will be done to make the period spent in study both pleasant and profitable.

### Expenses

Tuition is \$5.00 per term. Text books are sold as near cost as possible at the School Book Store. Room and board will probably not exceed \$6.50 per week. Students should bring any books they may own in the subjects in which they are interested. If these can not be used as texts, they will be valuable for reference.

### Educational Statement

The teacher-training work will be organized to meet the needs of three classes of students: Those who wish to fulfill the new requirement of six or twelve weeks Normal School attendance for certification; those who wish to prepare for state examinations; and those who wish to complete special subjects in their regular Normal courses. In meeting these needs all subjects required for first and second grade certificates, together with such Normal courses as may be called for by regular students working toward a diploma will be offered.

### Attendance Requirements

An applicant for a second grade certificate by examination must attend an approved Normal Course for six weeks or show a record of two years of successful teaching. For a First Grade Certificate the requirement is extended to twelve weeks attendance or three years experience.

### Music

A member of our Music staff will be in residence during the summer quarter, offering regular classes in Public School Music, Voice, Piano, etc. Students desiring to take private lessons in Voice or Piano may arrange to do so.

### Special Methods

Direct attention will be given to instruction in both the primary and the rural fields. Teachers will obtain valuable working materials and methods for daily use in their school rooms.

### Observation and Practice School

A special observation school will be conducted during the first six weeks, to be used chiefly for demonstration, giving a basis for discussion of proper methods of teaching and organization, especially as related to rural needs. Some practice teaching will be permitted.

### Tentative List of Subjects

The following subjects will probably be offered and at the hours suggested. Numbers of 100 or higher are collegiate in grade. Those below 100 are secondary. The letter "E" before a number refers to "Elementary" or the Second Grade Certificate Curriculum as given on page 27 of the 1921 catalogue. Other numbers refer to the curricula as given on pages 16 and 17 of the same catalogue. Regular second and first grade certificate subjects are included. Classes in Penmanship, Current Events, Spelling and South Dakota History will be organized as needs require. Private lessons in Music may also be taken.

### Collegiate Subjects

- 100-5 Psychology: Introduction to Teaching—9:00 A. M. and 1:15 P. M.
- 101-5 Arithmetic: Reviews and Methods—9:45 A. M. and 2:00 P. M.
- 102-2½ Geography: Reviews and Methods—2:45 P. M.
- 102-2½ Grammar: Reviews and Methods—4:15 P. M.
- 103-2½ History: Reviews and Methods—3:30 P. M.
- 103-2½ Civics: Reviews and Methods—2:00 P. M.
- 105-10 Technique and Practice—8:15 A. M. and 4:15 P. M.  
(Other periods at convenience of instructors.)

- 107-5     Physiology: School and Personal Hygiene—7:30  
                  A. M. and 3:30 P. M.
- 108-5     Industrial Arts and Drawing: 11:00 A. M. (7 double  
                  periods per week.)
- 109-5     Zoology: 7:30 to 9:00 A. M. and 3:30 to 5:00 P. M.  
                  (7 double periods per week.)
- 110-5     Botany: Deferred to 1923 if possible.
- 206-5     Psychology: Educational—9:45 A. M. and 2:00 P. M.
- 208-5     Sociology: Social Psychology and General Sociology  
                  8:15 A. M. and 4:15 P. M.
- 303-5     School Administration: 11:00 A. M. (Double period)

### **Secondary Subjects**

- E4-5     Physiology: School and Personal Hygiene—7:30  
                  A. M. and 3:30 P. M.
- E7-5     Spelling and Writing: Time to be set later.
- E6-5     Arithmetic: 9:00 A. M. and 1:15 P. M.
- E9-5     Geography: 11:00 A. M. and 2:45 P. M.
- E3-5     Grammar 8:15 A. M. and 4:15 P. M.
- E11-5    Industrial Arts and Drawing: 7:30 to 9:00 A. M.  
                  and 3:30 to 5:00 P. M. (Seven double periods  
                  per week.)
- E20-5    American Literature: (Period to be determined  
                  later.)
- E24-5    Didactics: 9:00 A. M. and 1:15 P. M. (Repeated 9:45  
                  and 2:00 P. M. if needed.)
- E27-5    History: 7:30 A. M. and 3:30 P. M.
- E28-5    Civics: 9:45 A. M. and 2:00 P. M.

Note.—Further classes may be organized if enrollment warrants. Extra sections may also be required. A student should not undertake too much work—two double periods and one single period each day should constitute a maximum. Laboratory subjects like Zoology and Arts run seven double periods per week. 303-5: School Administration, is an advanced class for experienced teachers, county superintendents, etc.

### **Rural Education**

This institution is maturing plans to give especial attention to the emergency existing in rural education. The chief work of the summer quarter will be in this field; the reorganization of the extension department will emphasize training-in-service for rural teachers; and several new courses that are being adopted for the regular year prepare directly for one-room and consolidated school work. The complete catalogue will describe these courses as well as all of the remaining lines offered.
